

SOCCERGROUND PORTABLE

Set up in two hours.
Sturdy for years.

The portable court for events and longer-term use: a plug-in steel and aluminum system that stands on any level surface, with no ground anchoring.

PORTABLE

MADE IN GERMANY · DIN EN 15312

AREAS OF APPLICATION

Wherever the game goes

The SoccerGround Portable is the right choice if you are looking for a portable yet particularly sturdy court for events or longer-term use: a court that makes a high-quality impression and brings years of enjoyment.

- Street fairs and city festivals
- Kindergarten and school events
- Trade shows, e.g. sports or youth shows
- Company parties
- Hotels and resorts, e.g. sports and club hotels
- Amusement parks and playgrounds, indoor and outdoor
- Public viewing and fan zones
- Incentive events and other PR activities

SETUP & TRANSPORT

Two people, a few screws

The SoccerGround Portable can be set up on any level surface, e.g. asphalt, concrete, natural or artificial turf, wooden floor or carpet. Of course without any ground anchoring.

Thanks to the plug-in system with just a few screws, a team of 2–3 people sets up the court in about 1–2 hours. With our illustrated instructions, assembly is simple and self-explanatory. On request, we send a supervisor or an installation crew.

Courts up to 50' × 32' can be transported and stored on a trailer; larger courts travel by van or box truck. We will be happy to advise you on the right trailer and how to secure the load.

TECHNICAL DETAILS

Light to carry, solid to play

- Ready-to-play basic system: boards, goals and nets at the goal ends (net height 10 ft incl. boards)
 - Add-ons: artificial turf, side nets, etc.
 - Access to the court: through the goals or, with small goals, through a door in the boards
 - Sturdy steel components: goals, net posts, board stands and corner posts
 - Lightweight aluminum components: board frames
 - Plug-in system with just a few screws for quick and easy setup and dismantling
 - Foldable goals for compact transport and storage
 - Board colors: green (RAL 6029), silver (RAL 9006), white (RAL 9010) or gray (RAL 9007); other RAL colors for boards and nets on request
 - Advertising possible via vinyl graphics or direct print
- ✓ **Stable.** Steel and aluminum construction for maximum stability and durability, so the system stands up to ambitious games and powerful shots
 - ✓ **Sound-insulated.** Robust boards made of 1.6" sandwich panels with a foam core (no hardboard or plastic), 3–10 ft long depending on the court, 3'3" high and approx. 22–66 lb each
 - ✓ **Solid.** The boards slot onto the feet at the stands (no hooks or similar) and are firmly joined with a cover profile, so there's no wobbling and no rattling
 - ✓ **Spectator-friendly.** Flat feet without braces, so there's no tripping hazard

COURTS & GOALS

Modular by design

Thanks to the modular design with various handy board lengths (usually 3–10 ft), the SoccerGround Portable can be built in almost any court size and extended or reduced at any time. Whether small courts for children or large courts for youth, adults and more players, anything is possible.

COURT SIZE	GOALS (H × W)	IDEAL FOR
50' × 32'	6'5" × 9'8"	children, youth and small teams of approx. 3 vs. 3
65' × 42'	6'5" × 9'8"	children, youth and small teams of approx. 5 vs. 5

Other sizes on request

Goal sizes: 6'5" × 9'8" (large) · 3'11" × 5'11" (small) · 2'7" × 3'3" (mini). Also available as a street soccer version with small goals or mini goals.

OPTIONAL EXTRAS

Complete the court

- Mobile sports artificial turf** – usually unfilled, with or without shock pad (elastic underlay), for the ultimate playing experience and quality, plus a particularly attractive, eye-catching look for your event court
- Protective side nets** – for the long sides, for a ball stop all the way around, standard height 10 ft incl. boards
- Advertising branding** – either flexible, with interchangeable logo graphics that showcase your sponsors or your company, or permanent with digital offset print
- Bleachers** – as an extra for larger events

INSTALLED
